"If your mind can conceive it, your heart can believe it, you can achieve it!"

Dear Aspirants,

The Bureaucracy is the steel frame of administration. It plays a vital role in nation-building. No wonder, the Civil Services is perhaps the most prestigious career that one can opt for. Hence every year lakhs of aspirants appear for the coveted civil services examination, conducted by Union Public Service Commission (UPSC). However, it requires discipline, dedication and enormous amount of hardwork to crack this highly competitive examination.

Most of the aspirants start their preparation with full enthusiasm but struggle due to lack of guidance and mentorship. This often leads to stress, anxiety and unwarranted pressure. I am of the opinion that if one gets an ecosystem of application-based learning, then his or her chances of clearing this examination increase manifold.

Keeping this objective in mind, we have designed our foundation programs titled 'Lakshya' and 'Utkarsh', under which we motivate, guide, and train aspirants for the Civil Services Examination. While Lakshya has been designed to help the undergraduates, Utkarsh is primarily designed for graduates. Under our foundation program, the aim is to empower the aspirant and inculcate necessary skills that will give him or her an unassailable edge over other competitors.

Finally, I would like to extend my best wishes to all those aspiring to prepare for the Civil Services Examination. Remember – **"Winners begin early"**.
